HENDRICK, Dr. Arthur Clinton = Demonstrator, Dept of Gynaecology + Obstetrics = June 1917 (004)

June 6th, 1919

Dr. A. C. Hendrick,

28 Bloor Street East,

Toronto.

Dear Dr. Hendrick:

Dr. Watson, the head of the department of Gynaecology and Obstetrics, has informed me that he is desirous of re-arranging the work of his department and has told me that he will not recommend your re-appointment as demonstrator in this department in the next session 1919-20. It is only due to you that I should give you this early notice of Dr. Watson's intentions.

Yours sincerely,

President.

Dr. A. C. Hendrick,

28 Bloor Street East,

Toronto.

Dear Dr. Hendrick:

I have your letter this morning and was very sorry that Dr. Nelson's interest in this matter is final. We are anxious to dispense the matter also for more than one and Dr. Nelson then agreed to take action, but not to think he misses to re-organize the Department, and there is no likelihood of his changing his mind in this respect.

With kind regards, I am,

Yours sincerely,

President.
